

 right, i'll change the bulbs to the ones that use 80% less electricity

Compact Fluorescent Lamps (CFLs) use about 20% of the electricity of ordinary bulbs and last up to 15 times as long. Remember to switch off any lights you're not using. It's better for the environment, not to mention your pocket. For more ways you can make a difference visit www.powerofone.ie

what  change will you make?

power of one
energy efficiency for Ireland
